I agree to the following terms as per Bylaw No. 02-2009 A Bylaw to Establish a Haying Policy:

1. I am the adjacent landowner or lessee (in the case of rented land) that has the first option to salvage hay along the municipal road.
2. I understand that after June 25, any person may cut and salvage hay without my permission as the adjacent landowner or lessee if I have not already begun salvage operations.
3. I will leave the road right of way in a neat appearance.
4. I will leave bales of hay a minimum of 8 meters from the edge of the shoulder of the roadway.
5. I will remove all bales from the road right of way before August 15<sup>th</sup> of the year of baling, or the RM will have the right to remove the bales. Should the Municipality require to remove the bales, they will become the property of the Municipality and the cost for the said bale removal shall be considered as custom work and charged to me as the original party salvaging the hay.
6. The Council reserves the privilege and right for its members, employees and/or agents to enter upon said road right of way for the maintenance or reconstruction of said roadway for such other purposes may be deemed necessary, and at no compensation or reimbursement to the party salvaging the hay therefrom.
7. The Municipality assumes no liability for laborers, machinery or bales relating to the salvaging of hay operations.

**I further understand that the Municipality reserves the right to conduct mowing operations in certain areas prior to June 25, as required for safety, aesthetic and weed control reasons, without notice to the adjacent landowners and/or lessees.**
