

Rural Municipality of Francis No. 127

DUST CONTROL FOR RURAL RESIDENCES

In accordance with the RM's dust control policy, the option of dust control application is again being extended to the rural residences of the Municipality.

The following terms and conditions must be met in order to qualify to have the dust suppressant applied:

1. The residence must be physically located within 300 feet of the road in order to be eligible.
2. The ratepayer will be responsible for the full cost of the application that is non-refundable if the suppressant becomes ineffective.
3. An indemnity agreement (see below) must be signed prior to receiving dust control. Sites treated may become rough or may develop potholes so if a road reaches a state where the condition of the driving surface poses a danger to the traveling public, the RM will grade the road which may render the dust control ineffective.
4. The location of where the dust suppressant is to be applied will be done by consultation between the Division Councillor and the requesting ratepayer.
5. If the Division Councillor determines that the road requested is not in condition to sustain a dust control application, no dust control will be applied.

Dust control shall not be applied on RM road allowances by individuals, but will be coordinated and billed as custom work by the RM. Council will generally use magnesium chloride for dust control; however, other products may be utilized if deemed safe and cost-effective.

Application is anticipated to be completed mid-late May (weather and contractor availability dependant). Depending on road width, a typical site-size for application is approximately 200 meters length x 6.7 meters width (650 ft x 22 ft) would require about 2680 litres of magnesium chloride and the approximate cost is \$940.00. A width sprayed at 7.3m (24ft) x 200m (650ft) length would be approximately 2920 litres and cost would be approximately \$1025.00 of which will be billed to you by the RM of Francis No. 127.

1st Deadline May 1

2nd Deadline June 15

If you meet and accept the requirements listed above please complete the following form below and return it to the RM Office by: Mail: Box 36 Francis, SK S0G 1V0 Fax: (306) 245-3203 Email: rm127@sasktel.net

After the form below is received, your Division Councillor will be in contact with you to discuss placement.

DUST CONTROL INDEMNITY AGREEMENT (please print)

I/we, _____, hereby request that the RM of Francis, coordinate the application of dust control.

I/we agree to pay to the RM of Francis 100% of the cost of the dust control product and application. The RM of Francis reserves the right to grade through the area of application as required to maintain a safe road surface which may render the application ineffective. Failure to pay will result in the charges being applied to our tax account.
