The Future of Land Management

- Set land to NO ACCESS which is available for anyone to see.
- Have a detailed history of who's been on your land, who plans to be, and their activity.
- Keep ownership and contact information private.
- Schedule days for NO ACCESS.

OUR VALUES

Privacy:

Sign ups are voluntary and we will never give out your information. All interactions are done in-app for your privacy.

Information:

We want to give you the opportunity to inform the public of your preferences and allow you to make informed decisions.

Stewardship:

We include tools to help users and owners collaborate with the goal to strengthen rural communities.

Spread the word & sign up
online at sasklander.ca

- Customize permissions to more efficiently manage requests.
- Review and manage recreational requests.
- Report incidents like loose livestock and broken fences.
- In-app communication to ensure privacy of users.
