

## WEED CONTROL

The RM continues to tackle the noxious and prohibited weeds in the RM and encourages ratepayers to take advantage of the IPCP program offered through SARM.

Bob Baker is your local Weed Inspector

## PEST CONTROL

Ratepayers can visit the office to pick up rat and mice poison at no cost.

Dustin Lang Is the RM's appointed Pest Control Officer, he usually makes his rounds after seeding and harvest. Contact the RM if you notice any rodent issues in your yard or area!

**2023 Spring Update**

**PT NE 32 14 14 W2**

**Dear Ratepayers,**

GREETINGS AND YES, it's been too long!  
I hope everyone has had a safe and  
successful spring seeding.

Due to the interruption of the pandemic, it's  
time to reach out and get together again.

Many changes have taken place in the RM  
and we are more than ready to showcase  
your new building and equipment.

I personally invite everyone to gather with  
your neighbors, tour your facility and join  
your RM council and staff in celebrating the  
**GRAND OPENING.**

Note: Your local MP's, Directors of SARM, APAS  
Representatives and business sponsors will be in  
attendance.
