

Share your feedback on a proposed development near you!

Please be advised that the RM of Francis No. 127 has received a discretionary use application for the continuing operation of the temporary 80 m tubular meteorological tower located within NE ¼ 02-16-14 W2M. The tower intends to continue collecting wind speed and temperature data for an additional 6 months, after which the tower and associated infrastructure must be removed and the site restored to its original condition.

The proposed development is defined as a discretionary use within the Agricultural Resource District – AR, and therefore, the application must be advertised pursuant to the Zoning Bylaw and *The Planning and Development Act, 2007*.

Any comments or concerns regarding the proposed development shall be forwarded in writing to the RM of Francis No. 127 Municipal Office or to info@rmoffrancis.ca by 5:00 PM on Tuesday, June 9th, 2026.

The development proposal, along with any comments, will be considered by the Council on Thursday, June 11th, 2026 at 10 AM. Once Council has considered the application and relevant information, it may:

- Reject the application.
- Approve the application.
- Approve the application subject to development standards and conditions identified in the zoning bylaw.
- Approve the discretionary use for a limited time, if a time limit is authorized in the zoning bylaw.
